

Pre Visit Policy

It is the policy of the Box Moor Trust to encourage pre-visits by teachers or group leaders so they can familiarise themselves with our facilities, meet staff and inform their decision making on risk assessments for their visit.

This policy is stated in the Confirmation Letter sent out to all visitors once a Booking Form has been received.

Detailed information about the visit also accompanies the Confirmation Letter and attention is drawn to the risk assessments and other health and safety documentation available on our website.
